

Prepare your business for leaving the EU

What your business needs to know

This information will help you understand how leaving the EU may affect your business. Full guidance is available on **gov.uk/euexit** to help you to prepare.

If you import or export

There may be changes to UK-EU trade at the UK border including on customs, tariffs and VAT. Take the first step to prepare now.

- Apply for a UK Economic Operator Registration and Identification number at gov.uk/eori to continue to trade with the EU
- Check your responsibilities for making customs declarations. Search 'Importing, exporting and transporting products or goods after Brexit'

If you transfer personal data into the UK

There may be changes to how you send or receive personal data from international partners, including in the EEA.

- Search 'using personal data after Brexit'
- ✓ Follow the Information Commissioner's Office's '6 steps to take'

If you provide services or operate in the EU

There may be new rules you need to comply with if you operate in EU/EEA countries.
This could affect your business if:

- you have a branch(es) in the FU
- you operate in a service sector within the EU
- you're planning a merger with an EU company
- you or your employees travel to EU/EEA countries for business
- Check the regulations for the EU/EEA countries you operate in, including visa requirements, to understand how changes could affect your business

If you sell manufactured goods

Your business may need to:

Check regulatory requirements for UK and EU markets, including labelling, approvals and testing

If you employ EU citizens

As an employer you will still be able to employ EU citizens as you do now and continue to conduct the same right to work checks. EU citizens should apply to the European Settlement Scheme by 31 December 2020 to continue working in the UK.

Check gov.uk for further details on employing EU citizens

If you hold intellectual property

There may be changes that affect copyright, patents, designs and trade marks.

✓ Search "IP and Brexit: The Facts" for full information from the Intellectual Property Office

If you receive European funding

The government has guaranteed any funding secured through EU programmes until the end of 2020.

☑ Find out about a specific fund, search 'European and domestic funding after Brexit'

The **EU Exit tool** will help you to make

detailed plans based on the profile of your business

Step 1 Search 'EU Exit tool' or scan the code using your camera phone

Step 2 Answer some simple questions about your business

Step 3 Read the actions to take that are relevant to your business and sign up for email alerts to stay updated

Visit **gov.uk/euexit** for more information and to sign up for regular updates
